On behalf of the Board of Directors, we are pleased to present the Directors' Report of Faysal Bank Limited ("FBL" or "the Bank") along with Unconsolidated Financial Statements for the quarter and nine months ended September 30, 2020.

Company Profile

FBL was incorporated in Pakistan on 3rd October 1994 as a public limited company and its shares are listed on Pakistan Stock Exchange. FBL offers a wide range of modern banking services to all customer segments, i.e. Retail, Small & Medium Sized Enterprises, Commercial, Agri-based and Corporate.

The Bank's footprint spreads over 200 cities across the country with 555 branches. In line with FBL's strategy of transforming itself into a full-fledged Islamic Bank, 75% of its branches are Islamic and offering dedicated sharia-compliant banking services. Islamic Banking windows are also operating in 24 conventional branches.

Holding Company

Ithmaar Bank B.S.C (closed), a banking entity regulated by the Central Bank of Bahrain, is the parent company holding directly and indirectly, 66.78% (2019: 66.78%) of the shareholding in the Bank. Ithmaar Bank B.S.C. (closed) is a wholly owned subsidiary of Ithmaar Holdings B.S.C. and Dar Al-Maal Al-Islami Trust (DMIT) is the holding company of Ithmaar Holding B.S.C. and is the ultimate parent of the Bank. DMIT was formed by an indenture under the laws of the Commonwealth of The Bahamas for the purpose of conducting business affairs in conformity with Islamic law, principles and tradition.

Economic Update

According to State Bank of Pakistan (SBP), after an estimated contraction of 0.4% in FY 20, real Gross Domestic Product (GDP) growth is expected to recover to slightly above 2% during FY 21. In July 20, industrial production posted its first expansion since December 2019, while a rise in cement sales pointed to upbeat construction activity. The large-scale manufacturing (LSM) index also returned to expansion in the first month of the quarter under review, growing at 5% year on year (YoY). In line with the gradual pick-up in economic activity, the Federal Board of Revenue (FBR) has achieved its first quarter tax collection target of PKR 970 Billion and pooled PKR 1 trillion. Less positively, after rebounding in July, exports dived in August by 19% as monsoon rains caused widespread supply chain disruptions. Nevertheless, the fall in exports was markedly softer on average in July-August compared to the previous quarter, signaling surging external demand as lockdowns ended globally. To ensure accommodative financial conditions amidst rising consumer confidence, the Monetary Policy Committee (MPC) decided at its meeting on September 21, 2020 to keep the policy rate unchanged at 7 percent, so that the real interest rates remained below zero. With the policy rate constant, KSE 100 Index continued its surge from 34,889 at the beginning of the quarter to 40,571 on September 30, 2020.

Pakistan's Current Account Balance (CAB) continued to be in surplus for the second consecutive month, standing at USD 297 million for the month of August and USD 805 million cumulatively for FY 21. Overseas Pakistani remitted USD 2.095 billion in August '20, a rise of 24.4% from the corresponding period last year. The trade deficit between July to September widened to USD 5.804 billion, up 2.02% from USD 5.689 billion. During 1QFY21, overall import bill marginally increased by 0.56% to USD 11.262 billion against USD 11.199 billion over the corresponding months of last year. Export proceeds during July to September '20 declined by 0.94% to USD 5.458 billion as against USD 5.510 billion over the corresponding months of last year. With imports expected to surge as global economic activity will be regained, the SBP expects Pakistan's current account deficit to remain at around 2 percent of GDP in FY 21.

Relief in debt repayments amid coronavirus pandemic has enabled building up of forex reserves, which as of September 25, 2020 stood at USD 19.53 billion, up by 28.28% YoY. Consequently, SBP's foreign exchange reserves have been restored to pre-pandemic level of around USD 12.36 billion, which are adequate to cover three months of imports. With the Real Effective Exchange Rate (REER) showing Pakistan's currency to be undervalued against USD and no apparent demand side pressure for USD, Pakistani rupee is expected to remain range bound at current levels in medium term.

Resumption of economic activity after easing of lockdowns has enabled a recovery in business confidence as indicated by the diffusion index number of 62 (higher than 50 implies more positive expectations than negative). But a resurgence of Covid-19 cases in recent weeks means that major stakeholders now hold their breath in anticipation of possible repercussions of a second wave. With YoY inflation rising above 9% for the month of September, primarily owing to food inflation, expectations of policy rate hike in near term have increased. Controlling the Covid-19 infection will be the key for a smooth transitioning onto the path of economic recovery.

Bank's Performance

Awards & Recognition

It gives us great pleasure to inform you that Faysal Bank has been awarded "Best Emerging Islamic Bank 2020" and "Excellence Award for Transformation & Market Strategy" by Global Islamic Finance Awards (GIFA). These most coveted Global awards recognize Islamic banks for their contribution and excellence in Islamic finance. President & CEO of the Bank received these prestigious awards from Dr. Arif Alvi, the President of Pakistan.

Conversion to Islamic

The Bank's 'asset led' conversion strategy using preservation of franchise value as the primary driving factor continues to guide the Bank towards becoming a full-fledged Islamic Bank. The Bank's Business Units, Product Development, Information Technology, Human Resources and

Marketing teams with the support of our capable Shariah and other back office units remain the backbone of materializing our commitment to this goal.

Effective decision-making and adaptations to navigate the Covid-19 impact has, Alhamdolillah, ensured that our conversion to Islamic remained on track. FBL improved its share of Islamic financing to more than half i.e. 51.5% (Dec '19: 37.3%) as at September '20 end. Correspondingly, almost one third of the Bank's total deposits i.e. 32.9% (Dec '19: 26.0%) are now Islamic. The Bank has recently received SBP approval to convert savings accounts using deemed acceptance approach; this would give additional impetus to our pace of conversion. We are thankful to the SBP for their support in this respect. We remain confident that by the grace of Allah and with all the stakeholders' support, the Bank will be able to achieve its objective of full conversion by 2023.

Project Financing and Syndication

The Bank actively participated in project financing transactions during the period, some of the significant ones are listed below:

- FBL acted as the Shariah advisor of a bridge finance facility of Rs. 28.3 billion for the
 construction of a 900-megawatt Regasified Liquified Natural Gas (RLNG) power plant
 being set up by the only vertically integrated utility company in Pakistan.
- FBL acted as the mandated lead advisor and arranger in the Islamic financing facility of Rs. 1.5 billion for the construction, installation and commissioning of various vehicle assembly lines for a large automobile manufacturer operating in Pakistan.
- FBL acted as the mandated lead advisor for the syndicated Standby Letter of Credit facility of Rs. 2.1 billion to partially cover the coal price payments for one of the coalbased power projects under CPEC.

Retail Banking

With a view to offer continued services and innovative products to our customers, Retail Banking launched various initiatives during the year, some of these are given below:

Liability Products

FBL is one of the banks selected by SBP to launch Overseas Pakistani Savings Schemes. Overseas Pakistanis can digitally open and operate a Non-resident Rupee Accounts and Foreign Currency (FCY) accounts from abroad. This facility is available through DigiBank Internet and Mobile Banking Application. FBL is also working with the SBP on stage II in which customers will get an option to invest in various investment schemes.

Consumer Finance

On the financing side, various customer-focused campaigns were launched during the period:

- Despite the Covid'19 pandemic and aggressive competition in auto financing sector; Faysal Car Finance observed healthy growth in portfolio during the quarter under review. Various initiatives were launched during the quarter aimed at improving the portfolio quality and increasing volume which yielded desired results.
- Faysal Bank became part of the Steering Committee of six banks involved in developing the Low-Cost Housing Scheme Product Program. For the Low-Cost Housing segment, the Bank has formulated a comprehensive plan covering product development, marketing and sales to support this initiative.
- FBL Credit Card introduced various innovative solutions for its customers to facilitate them during the pandemic. These included higher rewards on grocery and utility bills, facilitating digital payments, offering attractive discounts on dining and lifestyle spending and facilitating conversion of transactions on installment plans etc.
- Highest ever credit cards customers were onboarded in September '20 while emphasizing on premium segment i.e. "Titanium, Platinum & World". This will result in higher revenues and spend volumes, going forward.

Total revenue of the Bank for the nine months ended September 30, 2020 has shown strong growth of 24.4% over the corresponding period of previous year. This growth was achieved in the face of the far reaching adverse economic impact that the Country has experienced during 2020 due to COVID 19. The growth is attributable mainly to increase in net mark-up income due to low cost deposit mobilization strategy and higher non markup income. Despite the sharp policy rate cut of 625 bps during the first nine months of 2020, bank's net markup income increased by 25.7%.

The general slowdown in economy owing to the country-wide lock down during the second quarter '20 led to a decline of 11.0% in fee and commission revenue over the corresponding period. Further foreign exchange income was also lower by Rs. 622 million or 28.5% due to the relative USD/PKR parity stability during 2020. However, higher gains on government and equity securities of Rs. 2,330 million led to increase in total non-markup income by Rs. 1,085 million or 20.8% over the first nine months of CY '19.

Due to opening of 68 branches since September '19 which represent 14.0% growth in network coupled with higher inflation and devaluation of PKR, operating expenses have increased by 16.1% during the period under review. However, cost-to-income ratio of the Bank continues to move in the right direction and decreased to 54.8% from 58.7%.

Net provisions for the nine months ended September 30, 2020 reflected charge of Rs. 2.082 million as compared to 728 million last year. The additional charge reflects prudent approach of the Bank in managing credit risk through these difficult times. As a result, provision coverage has substantially improved from 77.2% to 84.80% at period end. Further, Non-Performing Advances (NPA) ratio has also marginally improved to 8.8% as compared to 9.1% in December '19. The Bank has recognized impairment on equity portfolio of Rs. 380 million during the period.

On account of strong growth in revenue supported by effective cost and risk management, the Bank was able to generate a robust growth of 24.6% in profit after tax over the corresponding period of previous year. Earnings per share improved to Rs. 3.63 per share from 2.92 per share in the corresponding period last year.

On the balance sheet side, deposits grew by 12.4% to Rs. 515 billion. The Bank concentrated on reducing cost of deposit during the period and saw significant improvement in current and low-cost savings deposits. As a result, current deposit ratio in total deposits increased from 32.9% to 36.1%. The Bank has a reasonable Advances to Deposit Ratio (ADR) and keeping in view current economic uncertainties remained cautious on lending side. As a result, the advances of the Bank remained almost stagnant at Rs. 310 billion as compared to December '19. The liquidity generated from deposits was invested in government securities as such investments show a growth of 32.0%. Total assets increased to Rs. 695 billion translating in growth of 10.4% from 2019 end.

Risk Management

COVID - 19 and the measures to reduce its spread has impacted the economy significantly. The current environment has impacted the banks in Pakistan from various facets. Following are some of the major steps taken by the Bank to address various risks arising in the existing peculiar scenario:

Credit Risk Management, in coordination with the Business Units, continued to closely monitor the portfolio - in line with the findings of multiple Rapid Portfolio Reviews & industry analysis carried out by the Bank to assess the impact of Covid-19. Regular follow-up was maintained with the customers to proactively identify, monitor and manage credit relationships in these unprecedented times. Bank also participated actively in various refinancing schemes launched by the SBP to support revival of economic activity.

Retail Risk Management function continued to provide support to the Consumer Finance Business in order to effectively manage the portfolio amid Covid-19; while also growing the portfolio in profitable segments. Retail Risk Management ensured deeper engagement with the Business Unit for prudent portfolio management.

A special committee, headed by the Chief Risk Officer, continued to oversee effective & timely implementation of the measures required to ensure well-being of the employees, customers and community at large.

Enterprise Risk Management function maintained enhanced monitoring of market, liquidity & operational risks during the period.

Outlook

Despite continuous relaxations in lockdown restrictions over the past couple of months, new Covid-19 infections have plateaued. Although the Government has had to implement micro smart lockdowns to contain outbreaks in some areas, new cases have by and large remained under control. This augurs well for the resumption of economic activities. While the significant reduction in interest rate will support revival of economic activities, the Bank's net markup income is likely to be affected, going forward. The Bank will continue to focus on low cost deposit mobilization and retention strategy to safeguard margins. Further, focus on cost control measures will continue in order to preserve and improve profitability.

The next couple of quarters are also important in terms of monitoring asset quality. As mentioned above, the Risk Management teams are actively engaged with the respective businesses to identify and manage risks in this regard. Prudent capital management has enabled your Bank to maintain a strong Capital Adequacy Ratio of 19.74% which is well above the regulatory requirement. This will hold the Bank in good stead in managing operations effectively, going forward.

FBL will, in sha Allah, resume branch conversion process in the last quarter of 2020 as per the Bank's strategic plan. Further the Bank will continue to monitor the situation to open new Islamic Banking branches to expand our outreach to customers even further.

FBL remains committed to providing top class services to customers in these testing times, through improved and enhanced offerings from alternate delivery channels and digital platforms.

Credit Rating

VIS Credit Rating Company Limited (VIS) and Pakistan Credit Rating Agency Limited (PACRA) have re-affirmed the following entity ratings:

Long-Term AA Short-Term A1+

Stable outlook has been assigned to the ratings by both the rating agencies.

Subsequent Events

No material changes or commitments affecting the financial position of the Bank have occurred between the quarter end and the date of this report other than those disclosed in financial statements.

Acknowledgement

On behalf of the Board & Management of the Bank, we would like to take this opportunity to thank the shareholders and valued customers for the trust they have reposed in the Bank. We are also grateful to the State Bank of Pakistan and Securities and Exchange Commission of Pakistan for their continued support and guidance. We would also like to express sincere appreciation for the Shariah Board for their guidance and our employees for their dedication and hard work.

Approval

In compliance with the requirement of the Companies Act, 2017, this Directors' Report with the recommendation of the Board Audit and Corporate Governance Committee has been approved by the Directors in their meeting held on October 22, 2020 and signed by the Chief Executive Officer and a director.

اسلامی بینکاری

بینک کے''اثاثہ جات'' کوکممل طور پراسلامی بینکاری میں تبدیل کرنے کے لیےابتدائی طور پرفرنجائز ویلیوکومحفوظ بنانے کے لیےرہنما اصولوں پڑمل درآ مد جاری ہے۔ ہمارے متندشر بعہ بورڈ اور دیگرا نظامی پیٹس کے تعاون سے اس مقصد کو حاصل کرنے کے لیے بینک کے بروڈ کٹ ڈیولیمنٹ،انفارمیشن ٹیکنالو جی ، ہیومن ریسور بر ،ا ثاثہ جات اور شاخوں میں توسیع کےعلاوہ تبدیلی کی شرائط میکمل طور پر عمل درآ مدکیا جاریاہے۔

الحمدلله، کورونا وائرس کے اثرات کوختم کرنے کے لیےمئوثر فیصلہ سازی اورا حتیاطی تد ابیر برعملدرآ مدکے نتیجے میں بینک کواسلامی بینکاری میں تبریل کرنے کا سفریقینی طور پر جاری رہا۔فیصل بینک لمیٹڈ نے اسلامی فنانسنگ میں اپنے جھے کونصف سے بھی زائد تک کر دیا ہے جو ستمبر 2020 کے آخر میں 51.5% (وئمبر 2019 : %37.3) رہا۔اس طرح، بینک کے مجموعی ڈیازٹس میں سے تقریباً ایک تہائی یعنی 32.9% (دسمبر 2019 : %26.0) ڈیازٹس اب اسلامی ہیں۔ بینک نے حال ہی میں اسٹیٹ بینک آف یا کتان سے صارفین کی جانب سے قبولیت کے طریقہ کارکواستعمال کرتے ہوئے سیونگزا کا وُنٹس کوتبدیل کرنے کی اجازت حاصل کرلی ہے؛ اس اجازت نامہ سے ہماری اسلامی بینکاری میں تبدیلی کی رفتار مزید بڑھ جائے گی۔اس سلسلے میں تعاون پرہم اسٹیٹ بینک آف با کستان کے شکر گزار ہیں۔ہم برامید ہیں کہاللہ تعالٰی کی مدداور اسٹیک ہولڈرز کے تعاون سے بینک 2023 تک مکمل طور براسلامی بینک میں تبدیل ہونے کا مقصد حاصل کرلے گا۔

کے برعکس، جولائی اوراگت میں گزشتہ سہ ماہی کی نسبت برآ مدات میں کمی کی شرح بہتے کم تھی،جس سے اس بات کی نشا ندہی ہورہی ہے کہ عالمی سطح پرلاک ڈاؤن ختم ہونے کی وجہ سے بیرونی طلب بڑھتی جارہی ہے۔اس بات کویقینی بنانے کے لیے کہ مالیاتی حالات بہتر بنانے سے صارفین کا اعتماد بڑھ رہاہے، مانیٹری پالیسی نمیٹی (MPC) نے مورخہ 21 ستمبر، 2020 کے اپنے اجلاس میں فیصلہ کیا کہ پالیسی شرح سودکو 7 فیصد پر برقرار رکھا جائے ،اس طرح اصل شرح سود صفر سے پنچے رہے گی۔ پالیسی شرح سود کے برقرار رہے ہے۔ ماہی کے آغازے کے ایس ای 100 انڈیکس 34,889 سے بڑھ کر 30 متبر، 2020 کو 40,571 بوائنٹس تک جا پہنجا۔

پاکتان کا کرنٹ ا کاؤنٹ بیلنس (CAB)مسلسل دوسرے مہینے بھی سرپلس میں رہااوراگت کے مبینے کے لیے 297 ملین امریکی ڈالرز تک جا پہنچا جبکہ مالی سال 2021 کے لیے مجموی طور پر 805 ملین امریکی ڈالرز ہو گیا۔ سمندریاریا کتا نیوں نے اگست 2020 میں 2.095 اربام کی ڈالرزارسال کیے،جوگزشتہ سال اس عرصے کے مقابلے میں %24.4 اضافی ہیں۔جولائی سے تمبر کے درمیان تجارتی خسارہ مزید بڑھ کر 5.804 ارب امریکی ڈالرز تک جاپہنجا جو کہ 5.689 ارب امریکی ڈالرز کے مقالبے میں %2.02 زیادہ رہا۔ مالی سال 2021 کی پہلی سہ ماہی کے دوران مجموعی درآمدی بل گزشتہ سال اسی عرصے کے 11.199 ارب امريكي ڈالرز كے مقابلے ميں %0.56 كے معمولي اضافے كے ساتھ 11.262 ارب امريكي ڈالرز ر ہا۔ برآ مدات جولائی تاسمبر 2020 کے دوران گزشتہ سال اس عرصے کے 5.510 ارب امریکی ڈالرز کے مقابلے میں %0.94 كمى كےساتھ 5.458 اربامريكي ڈالرزر ہیں۔عالمي سطح پرمعاثی سرگرمیاں بحال ہونے کےساتھ ہی درآمدات میں اضافے کی توقع ہے،اسٹیٹ بینک آف یا کستان کی توقع ہے کہ مالی سال 2021 میں یا کستان کا کرنٹ اکاؤنٹ خسارہ جی ڈی پی کے 2 فیصد کے برابر ہوگا۔

کورونا وائرس کی وجہ سے قرضوں کی واپسی میں سہولت کے باعث غیرملکی زرمبادلہ کے ذخائر میں اضافہ ہواہے، جو کہ ع 25 ستمبر، 2020 كوسال بهسال (YoY) كے لحاظ سے %28.28 اضافے كے ساتھ 19.53 ارب امريكي ڈالرز تک جاہنچے ہیں۔ اسی طرح ،اسٹیٹ بینک آف یا کستان کے غیرملکی زیرمیادلہ کے ذیائر بھی وائرس کی وہائی صورتحال سے پہلی کی سطح 12.36 اربام کِی ڈالرز کے قریب آگئے ہیں، جو کہ تین ماہ کی درآ مدات کے تخیینہ کے برابر ہیں۔ریئل ایفیکٹوا پیچینچ ریٹ (REER) کے اعتبار سے امریکی ڈالر کے مقابلے میں یا کتانی کرنسی کی قدر میں کمی دیکھی گئی اوراب امریکی ڈالرز کی طلب میں فوری اضافہ نظرنہیں آرہا، اس لیے درمیانی مدت میں یا کستانی رویے کی قدراسی سطح پر برقر اررہنے کی امید ہے۔

لاک ڈاؤن میں نرمی کے بعدمعا ثنی سرگرمیوں کی بحالی کے بعد کاروبارصورتحال بہتر ہوئی ہےجس کی نشاند ہی ڈیفیو ژن انڈیکس کے نمبر 62 سے ہوتی ہے (50 سے زیادہ کامطلب منفی سے زیادہ مثبت توقعات ہیں)۔لیکن گزشتہ چند ہفتوں میں کورونا کے کیسز میں دوبارہ اضافے کا مطلب ہے کہ بڑے شراکت دارکورونا وائرس کی مکنہ دوسری وبائی لہر کی وجہ سے اب انتہائی مختاط انداز میں کاروباری

The Bank has a network of 555 branches (December 31, 2019: 555); including 413 Islamic banking branches (December 31, 2019: 413) and 1 Islamic sub-branch (December 31, 2019: 1) in Pakistan.

The registered office of the Bank is located at Faysal House, ST-02, Shahra-e-Faisal, Karachi.

Ithmaar Bank B.S.C (closed), a wholly owned subsidiary of Ithmaar Holdings B.S.C is the parent company of the Bank, holding directly and indirectly 66.78% (December 31, 2019: 66.78%) of the shareholding of the Bank, Dar Al-Maal Al-Islami Trust (DMIT), (ultimate parent of the Bank) is the holding company of Ithmaar Holdings B.S.C.

The Pakistan Credit Rating Agency Limited (PACRA) and VIS Credit Rating Company Limited, have 1.2 determined the Bank's long-term rating as 'AA' (December 31, 2019: 'AA') and the short term rating as 'A1+' (December 31, 2019: 'A1+') on June 26, 2020 and June 29, 2020.

BASIS OF PRESENTATION 2

- 2.1 In accordance with the directives of the Federal Government regarding the shifting of the banking system to Islamic modes, the State Bank of Pakistan (SBP) has issued various circulars from time to time. Permissible forms of trade related modes of financing include purchase of goods by banks from their customers and immediate resale to them at appropriate mark-up in price on deferred payment basis. The purchases and sales arising under these arrangements are not reflected in these condensed interim unconsolidated financial statements as such but are restricted to the amount of facility actually utilised and the appropriate portion of mark-up thereon.
- 2.2 In accordance with the directives issued by the SBP, the statement of financial position and the profit and loss account of Islamic banking branches of the Bank are disclosed in note 39 to these condensed interim unconsolidated financial statements.
- 2.3 The Bank has controlling interest in Faysal Asset Management Limited (FAML) and is required to prepare consolidated financial statements under the provisions of the Companies Act, 2017. These condensed interim financial statements represent the unconsolidated results of the Bank and a separate set of condensed interim consolidated financial statements are also being presented by the Bank.

3 STATEMENT OF COMPLIANCE

- 3.1 These condensed interim unconsolidated financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting. The accounting and reporting standards applicable in Pakistan for interim financial reporting comprise of:
 - International Accounting Standard (IAS) 34 'Interim financial reporting' issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017.
 - Islamic Financial Accounting Standards (IFAS) issued by the Institute of Chartered Accountants of Pakistan as are notified under the Companies Act, 2017.
 - Provisions of, and directives issued under the Banking Companies Ordinance, 1962 and the Companies Act. 2017, and
 - Directives issued by the State Bank of Pakistan (SBP) and the Securities and Exchange Commission of Pakistan (SECP).

FOR THE NINE MONTHS ENDED SEPTEMBER 30, 2020

Whenever the requirements of the Banking Companies Ordinance, 1962, the Companies Act, 2017 or the directives issued by the SBP and the SECP differ with the requirements of IAS 34 or IFAS, the requirements of the Banking Companies Ordinance, 1962, the Companies Act, 2017 and the said directives shall prevail.

- 3.2 As per the directive of the SBP through its letter BPRD (R&P-02)/625-99/2011/3744 dated March 28, 2011, gain arising on bargain purchase of Pakistan operations of Royal Bank of Scotland (ex-RBS Pakistan) was credited directly into equity as non-distributable capital reserve (NCR). The SBP allowed the Bank to adjust the amortisation of intangible assets against the portion of reserve which arose on account of such assets identified as a result of such acquisition. Accordingly, during the period ended September 30, 2020, the Bank has adjusted amortisation of intangible assets amounting to Rs. 87.887 million (net of tax) from the NCR.
- 3.3 These condensed interim unconsolidated financial statements do not include all the information and disclosures required in the annual audited unconsolidated financial statements, and are limited based on the format prescribed by the State Bank of Pakistan through BPRD Circular Letter No. 05 dated March 22, 2019 and IAS 34, and should be read in conjunction with the annual unconsolidated financial statements for the financial year ended December 31, 2019.
- 3.4 Standards, interpretations of and amendments to the published accounting and reporting standards that are effective in the current period:
- 3.4.1 There are certain new and amended standards, interpretations and amendments that are mandatory for the Bank's accounting periods beginning on or after January 1, 2020 but are considered not to be relevant or do not have any significant effect on the Bank's operations and are therefore not detailed in these condensed interim unconsolidated financial statements.
- 3.5 Standards, interpretations of and amendments to the published accounting and reporting standards that are not vet effective:
- 3.5.1 The following revised standards, amendments and interpretations with respect to the accounting and reporting standards would be effective from the dates mentioned below against the respective standards, amendments or interpretations:

Standards, interpretations or amendments

Effective date (annual periods beginning on or after)

IFRS 9 - 'Financial instruments' January 1, 2021 *

IAS 1 - 'Presentation of financial statements' (amendments) January 1, 2022

IAS 16 - 'Property, plant and equipment' (amendments) January 1, 2022

IAS 37 - 'Provision, contingent liabilities and contingent assets' (amendments) January 1, 2022

The management is in the process of assessing the impact of these standards and amendments on the condensed interim unconsolidated financial statements of the Bank.

- The SBP vide its BPRD Circular No. 04 dated October 23, 2019 has notified the effective date of IFRS 9. 'Financial instruments' as January 1, 2021. IFRS 9, 'Financial instruments' has replaced IAS 39, 'Financial instruments: recognition and measurement'. The standard addresses recognition, classification, measurement and derecognition of financial assets and financial liabilities. The standard has also introduced a new impairment model for financial assets which requires recognition of impairment charge based on 'expected credit losses' (ECL) approach rather than 'incurred credit losses' approach. The ECL has impact on all the assets of the Bank which are exposed to credit risk.
- 3.5.2 There are certain new and amended standards, interpretations and amendments that are mandatory for the Bank's accounting periods beginning on or after January 1, 2021 but are considered not to be relevant or do not have any significant effect on the Bank's operations and are therefore not detailed in these condensed interim unconsolidated financial statements.

FOR THE NINE MONTHS ENDED SEPTEMBER 30, 2020

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies applied in the preparation of these condensed interim unconsolidated financial statements are the same as applied in the preparation of the annual unconsolidated financial statements of the Bank for the year ended December 31, 2019.

5 **BASIS OF MEASUREMENT**

These condensed interim unconsolidated financial statements have been prepared under the historical cost convention, except that certain fixed assets and non-banking assets acquired in satisfaction of claims are carried at revalued amounts, certain investments and derivative contracts have been marked to market and are carried at fair value. In addition, obligations in respect of staff retirement benefits are carried at present value

FUNCTIONAL AND PRESENTATION CURRENCY 6

Items included in these condensed interim unconsolidated financial statements are measured using the currency of the primary economic environment in which the Bank operates. These condensed interim unconsolidated financial statements are presented in Pakistani Rupees, which is the Bank's functional and presentation currency.

7 CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

The basis for accounting estimates adopted in the preparation of these condensed interim unconsolidated financial statements is the same as that applied in the preparation of the annual unconsolidated financial statements of the Bank for the year ended December 31, 2019.

FINANCIAL RISK MANAGEMENT

The financial risk management objectives and policies adopted by the Bank are consistent with those disclosed in the annual unconsolidated financial statements for the year ended December 31, 2019. These risk management policies continue to remain robust and the Bank is reviewing its portfolio regularly and conducts rapid portfolio reviews in line with emerging risks.

The COVID-19 pandemic has taken a toll on all economies and emerged as a contagion risk around the globe, including Pakistan. To reduce the impact on businesses and economies in general, regulators / governments across the globe have introduced a number of measures on both the fiscal and economic fronts.

The State Bank of Pakistan (SBP) has also responded to the crisis by cutting the Policy Rate by 625 basis points since the beginning of the year, to 7% till September 30, 2020. Other regulatory measures to provide an impetus to economic activity include the following:

- reduction in the capital conservation buffer by 100 basis points to 1.5%;
- increasing the regulatory limit on extension of credit to SMEs to Rs 180 million;
- relaxing the debt burden ratio for consumer loans from 50% to 60%;
- The timeline for classification of 'trade bills' as non-performing has been extended from 180 days overdue to 365 days overdue;
- The financing facilities of obligors which have requested for deferment or rescheduling / restructuring are not required to be classified unless the payment obligations are past due by 180 days;
- allowing banks to defer borrowers' principal loan payments by one year and or restructure / reschedule loans for borrowers who require relief of principal repayment exceeding one year and / or mark-up with no reflection on credit history; and
- Introduction of refinancing schemes for payment of wages and salaries.

FOR THE NINE MONTHS ENDED SEPTEMBER 30, 2020

COVID-19 will impact banks in Pakistan on a number of fronts including increase in credit risk pertaining to the loans and advances portfolio, reduced fee income due to overall slowdown in economic activity, continuity of business operations and managing cybersecurity threat as a significant number of the Bank's staff is working from home and an ever increasing number of customers are being encouraged to use digital channels.

8.1 Credit risk management

The risk management function of the Bank is regularly conducting assessments of the credit portfolio to identify borrowers most likely to get affected due to changes in the business and economic environment. The Bank has further strengthened its credit review procedures in light of the COVID-19. The Bank is continuously reviewing the portfolio, to identify accounts susceptible to higher risk, resulting from the COVID-19 outbreak.

8.2 Liquidity risk management

In view of the relaxation granted by SBP for deferral of principal and markup and rescheduling of loans there will be an impact on the maturity profile of the Bank. The asset and liability committee (ALCO) of the Bank is continuously monitoring the liquidity position and the Bank is confident that the liquidity buffer currently maintained is sufficient to cater any adverse movement in the cash flow maturity profile.

8.3 Equity risk management

The carrying value of the Bank's investment in listed equity securities classified as available-for-sale, amounts to Rs 7,153.478 million as at September 30, 2020. The Bank has recorded an impairment of Rs 379.785 million in the condensed interim unconsolidated financial statements of the current period.

8.4 Operational risk management

The Bank is closely monitoring the situation and has invoked required actions to ensure the safety and security of the Bank's staff and uninterrupted service to customers. The senior management of the Bank is continuously monitoring the situation and is taking timely decisions to resolve any concerns.

Business Continuity Plans (BCP) for respective areas are in place and tested. The Bank has significantly enhanced monitoring of cybersecurity risk during these times. Remote work capabilities were enabled for staff, where required, and related risk and control measures were assessed to ensure that the Bank's information assets are protected from emerging cyber threats and comply with the regulatory protocols required under the circumstances. The Bank has taken all measures to ensure that service levels are maintained, customer complaints are resolved and turnaround times are monitored and the Bank continues to meet the expectations of its employees and customers.

8.5 Capital adequacy ratio

Under the current scenario, the Banks are under pressure to extend further credit to their borrowers, while overall deteriorating credit risk and increased NPL may also put additional pressures on the Bank from Capital Adequacy Ratio (CAR) perspective. The SBP has relaxed the Capital Conversion Buffer (CCB) requirements for the Banks to 1.5%, resulting in an overall CAR requirement of 11.5%. The reduced CCB has also provided an additional limit to the Bank for its tier 2 capital. Further, the regulatory limit for retail loans has also increased by SBP to 180 million, which will result in reduced Risk Weighted Assets (RWA) for some of its loans. In addition to the measures by SBP, the senior management of the Bank is continuously monitoring the impacts of various decisions of its CAR and taking further lending decisions based on the overall impacts on RWA. The Bank also believes that it has sufficient buffer in its CAR requirement to meet any adverse movements in credit, market or operational risks.

FOR THE NINE MONTHS ENDED SEPTEMBER 30, 2020

- 13.3.1 As allowed by the SBP, the Bank has availed benefit of forced sale value (FSV) of collaterals held as security of Rs 2,722.883 million (December 31, 2019: Rs 1,996.336 million) relating to advances while determining the provisioning requirement against non-performing financing as at September 30, 2020. The additional profit arising from availing the FSV benefit - net of tax as at September 30, 2020 which is not available for distribution as either cash or stock dividend to shareholders and bonus to employees approximately amounted to Rs 1.660.959 million (December 31, 2019; Rs 1,217,765 million).
- 13.3.2 As per the Prudential Regulations, the SBP has specified that general provision against consumer financing should be maintained at varying percentages based on the non-performing loan ratio present in the portfolio. These percentages range from 1% to 2.5% for secured and 4% to 7% for unsecured portfolio.

The Bank also maintains general provision in accordance with the applicable requirements of the Prudential Regulations for Housing Finance issued by the SBP. The provision ranges between 0.5% to 1.5% based on the non-performing loan ratio present in the portfolio.

The Bank is also required to maintain a general reserve of 1% against un-secured small enterprise financing portfolio as per the applicable requirements of the Prudential Regulations issued by the SBP.

13.3.3 Although the Bank has made provision against its non-performing portfolio as per the category of classification of the loans, however, the Bank still holds enforceable collateral against certain non-performing loans in the event of recovery through litigation. These securities comprise of charge against various tangible assets of the borrower including land, building and machinery, stock in trade, etc.

FOR THE NINE MONTHS ENDED SEPTEMBER 30, 2020

23.3.1 The Executive Officer, Karachi Cantonment Board (KCB), vide its notice CBR No. 1 dated March 08, 2017 had proposed revised rates for assessment of shops and flats "A" category in which a fresh sub-category "Banks (self-occupied)" was introduced for the purpose of cantonment tax in the limit of KCB. This resulted in additional demand of Rs 171 million by the KCB which included demand on reassessment for the years 2016-2017 and 2017-2018. On the basis of legal grounds agreed in consultation with legal counsel, the Bank had filed a suit in the Honorable High Court of Sindh against such levy of tax. A stay order was granted by the Honorable High Court of Sindh in respect of payment of this additional demand and no such payment in this respect had been made till December 31, 2019.

In February 2020, KCB communicated to the Bank that the board resolution passed by the KCB in 2017 regarding the special category of 'Bank (self-occupied)' has been annulled and the properties of banks shall be treated like any other commercial property. Following this communication, the KCB submitted the revised demand and the Bank has paid Rs 59.104 million being the house and conservancy tax for the periods 2016-2017 to 2019-2020 on March 16, 2020 as a full and final settlement of the levy under consideration. Accordingly, the suit filed by the Bank in the Honorable High Court of Sindh will be withdrawn in due course.

23.3.2 Income tax assessments of the Bank have been finalised upto the tax year 2019 (accounting year 2018).

The department and the Bank have disagreements on a matter relating to taxability of gain on bargain purchase on the acquisition of ex-RBS Pakistan. The additional tax liability on the matter amounts to Rs. 1,154.701 million (December 31, 2019: Rs. 1,154.701 million). The Commissioner Inland Revenue (Appeals) [(CIR(A)] has deleted the said additional tax liability, however the income tax department has filed an appeal with the Appellate Tribunal Inland Revenue against the order of CIR(A). The management and tax advisors of the Bank are confident that the matter will be decided in the Bank's favor and accordingly, no provision has been recorded in these condensed interim unconsolidated financial statements in respect of this matter.

23.4 There are certain claims against the Bank not acknowledged as debt amounting to Rs 33,390 million (December 31, 2019: Rs 34,194 million). These mainly represent counter claims filed by the borrowers for restricting the Bank from disposal of assets (such as mortgaged / pledged assets kept as security), cases where the Bank was proforma defendant for defending its interest in the underlying collateral kept by it at the time of financing, certain cases filed by ex-employees of the Bank for damages sustained by them consequent to the termination from the Bank's employment and cases for damages towards opportunity losses suffered by customers due to non-disbursements of running finance facility as per the agreed terms. The above also includes an amount of Rs 25,299 million (December 31, 2019: 25,299 million) in respect of a suit filed against the Bank for declaration, recovery of monies, release of securities, rendition of account and damages.

Based on legal advice and / or internal assessments, management is confident that the above matters will be decided in the Bank's favour and the possibility of any outcome against the Bank is remote and accordingly no provision has been made in these condensed interim unconsolidated financial statements.

23.5 Commitments to extend credits

The Bank makes commitments to extend credit (including to related parties) in the normal course of its business but these being revocable commitments do not attract any significant penalty or expense if the facility is unilaterally withdrawn except for Rs 27,970 million (December 31, 2019: Rs 20,281 million) which are irrevocable in nature.

34.1 Diluted earnings per share has not been presented as the Bank does not have any convertible instruments in issue at September 30, 2020 and September 30, 2019 which would have any effect on the earnings per share if the option to convert is exercised.

35 FAIR VALUE MEASUREMENTS

The fair value of quoted securities other than those classified as held to maturity, is based on quoted market price. Quoted securities classified as held to maturity are carried at cost. The fair value of unquoted equity securities, other than investments in associates and subsidiaries, is determined on the basis of the break-up value of these investments as per their latest available audited financial statements.

The fair value of unquoted debt securities, fixed term loans, other assets, other liabilities, fixed term deposits and borrowings cannot be calculated with sufficient reliability due to the absence of a current and active market for these assets and liabilities and reliable data regarding market rates for similar instruments.

Fair value of financial assets

The Bank measures fair values using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

Level 1: Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Fair value measurements using inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: Fair value measurements using input for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

The table below analyses financial instruments measured at the end of the reporting period by the level in the fair value hierarchy into which the fair value measurement is categorised:

The Bank's policy is to recognise transfers into and out of the different fair value hierarchy levels at the date when the event or change in circumstances require the Bank to exercise such transfers.

There were no transfers between levels 1 and 2 during the period.

Valuation techniques used in determination of fair values within level 2

ltem	Valuation approach and input used
Pakistan Investment Bonds / Market Treasury Bills	Fair values of Pakistan Investment Bonds and Treasury Bills are derived using the PKRV / PKFRV rates.
Ijarah Sukuk	Fair values of GoP Ijarah Sukuk are derived using the PKISRV rates announced by the Financial Market Association (FMA) through Reuters. These rates denote an average of quotes received from different pre-defined / approved dealers / brokers.
Unlisted ordinary shares	Break-up value determined on the basis of the NAV of a company using the latest available audited financial statements.
Term Finance Certificates (TFCs) and Sukuk Certificates	Fair values of TFCs and Sukuk certificates are determined using the MUFAP rates.
Forward foreign exchange contracts	The valuation has been determined by interpolating the mark-to-market currency rates announced by the State Bank of Pakistan.
Derivative instruments	The Bank enters into derivative contracts with various counterparties. Derivatives that are valued using valuation techniques with market observable inputs are mainly interest rate swaps, cross currency swaps and forward foreign exchange contracts. The most frequently applied valuation techniques include forward pricing and swap models, using present value calculations.
Mutual funds	Units of mutual funds are valued using the net asset value (NAV) announce by the Mutual Funds Association of Pakistan (MUFAP).

Valuation techniques used in determination of fair values within level 3

Item	Valuation approach and input used
Fixed assets (land and building)	Land and buildings are revalued by professionally qualified valuers as per the accounting policy disclosed in the unconsolidated financial statements of the Bank for the year ended December 31 2019.
	NBAs are valued by professionally qualified valuers as per the accounting policy disclosed in the unconsolidated financial statements of the Bank for the year ended December 31 2019.

The valuations, mentioned above, are conducted by the valuation experts appointed by the Bank which are also on the panel of the Pakistan Banks' Association (PBA). The valuation experts used a market based approach to arrive at the fair value of the Bank's properties. The market approach uses prices and other relevant information generated by market transactions involving identical or comparable or similar properties. These values are adjusted to reflect the current condition of the properties. The effect of changes in the unobservable inputs used in the valuations cannot be determined with certainty, accordingly a quantitative disclosure of sensitivity has not been presented in these condensed interim unconsolidated financial statements.

41 DATE OF AUTHORISATION FOR ISSUE

These condensed interim unconsolidated financial statements were authorised for issue on October 22, 2020 by the Board of Directors of the Bank.

PRESIDENT & CEO CHIEF FINANCIAL OFFICER CHAIRMAN DIRECTOR DIRECTOR

On behalf of the Board of Directors, we are pleased to present the Directors' Report of Faysal Bank Limited - Group along with unaudited condensed interim consolidated financial statements for the nine months ended September 30, 2020.

Group Profile

Faysal bank Ltd. (FBL) has 99.9% shareholding in Faysal Asset Management Limited (FAML). FAML is an unlisted public limited company registered as a Non-Banking Finance Company (NBFC), licensed to carry out asset management and investment advisory services under the Non-Banking Finance Companies (Establishment & Regulations) Rules, 2003 and the Non-Banking Finance Companies and Notified Entities Regulations, 2008

FBL Group structure is as follows:

Holding Company : Faysal Bank Limited

Subsidiary : Faysal Asset Management Limited

Financial Highlights

Rs. in million

Faysal Bank Ltd.'s consolidated profit for the nine months ended September 30, 2020 at PKR 5,523 million is 25.5% higher than corresponding previous period, resulting in EPS of PKR 3 64

The changes brought about post acquisition of control over FAML have started to yield results. Despite very challenging business environment especially during 2nd quarter of the current year, FAML showed remarkable performance and Assets Under Management (AUMs) have grown by 161% over December '19 to Rs. 41 billion. One of the reasons for growth in AUMs is that Faysal Bank is effectively leveraging its branch network to generate Faysal Funds sales in targeted customer segments.

Towards the end of Q1 '20 Faysal Bank invested an additional amount of Rs. 500 million in FAML after obtaining necessary regulatory approvals. This investment is a testament of the Bank's commitment towards FAML and will assist the subsidiary in achieving envisioned results.

FAML has turned a corner and has recorded profit after tax of Rs. 4.5 million during the nine months ended September 30, 2020 as against a loss of Rs. 25.1 million during the same period previous year.

Credit Rating

VIS Credit Rating Company Limited (VIS) and Pakistan Credit Rating Agency Limited (PACRA) have re-affirmed the following entity ratings to Faysal Bank Ltd:

Long-Term AA

Short-Term A1+

'Stable' outlook has been assigned to the ratings by both the rating agencies.

During Q1 '20, in view of the much-improved performance of FAML, VIS upgraded Asset Management rating from AM3+ to AM2. The rating signifies asset manager exhibiting very good management characteristics. 'Stable' outlook has been assigned to the rating.

Holding Company

Ithmaar Bank B.S.C (closed), a banking entity regulated by the Central Bank of Bahrain is the parent company holding directly and indirectly, 66.78% (2019: 66.78%) of the shareholding in the Faysal Bank Ltd. Ithmaar Bank B.S.C. (closed) is a wholly owned subsidiary of Ithmaar Holdings B.S.C. and Dar Al-Maal Al-Islami Trust (DMIT) is the holding company of Ithmaar Holding B.S.C. and is the ultimate parent of the Group. DMIT was formed by indenture under the laws of the Commonwealth of The Bahamas for the purpose of conducting business affairs in conformity with Islamic law, principles and tradition.

Subsequent Events

No material changes or commitments affecting the financial position of the Group have occurred between the quarter end and the date of this report other than those disclosed in financial statements.

Acknowledgement

On behalf of the Board & Management of the Group, we would like to take this opportunity to thank the shareholders and valued customers for the trust they have reposed in the Bank. We are also grateful to the State Bank of Pakistan and Securities and Exchange Commission of Pakistan for their continued support and guidance. We would also like to

express sincere appreciation for the Shariah Board and employees of the Group for their dedication and hard work.

Approval

In compliance with the requirement of the Companies Act, 2017, this directors' report with the recommendation of the Board Audit and Corporate Governance Committee has been approved by the Directors in their meeting held on October 22, 2020 and signed by the Chief Executive Officer and a director.

ایف اے ایم ایل کا کنٹرول حاصل کرنے کے بعد کی جانے والی تبدیلیوں کے نتائج آنا شروع ہوگئے ہیں۔ انتہائی مشکل کاروباری ماحول خاص طور پررواں سال کی دوسری سہ ماہی کے دوران ایف اے ایم ایل کے اسیٹس انڈر مینجمنٹ (AUMs) دسمبر 2019 کے مقابلے میں 161 فیصد اضافے کے ساتھ 41 ارب روپے تک جائینچے ہیں۔ AUMs میں اضافے کی ایک وجہ یہ بھی ہے کہ فیصل مینک نے اپنی شاخوں کے نبیٹ ورک کے ذریعے خاص صارفین پر توجہ مرکوزکی اور فیصل فنڈ زکی سیلز بڑھائی۔

مالی سال 2020 کی کپلی سہ ماہی کے آخر میں فیصل بینک نے لازمی قانونی منظوریاں حاصل کرنے کے بعدائف اے ایم ایل میں 500 ملین روپے کی مزید سر مابیکاری کی ہے۔ یہ سر مابیکاری بینک کی جانب سے ایف اے ایم ایل کے لیے اپنے عزم کا منہ بولتا ثبوت ہے اور بینک ستقبل میں بھی اپنے ذیلی ادارے کی ترقی کے لیے کوشاں رہے گا۔

BASIS OF PRESENTATION

- In accordance with the directives of the Federal Government regarding the shifting of the banking system to Islamic modes, the State Bank of Pakistan (SBP) has issued various circulars from time to time. Permissible forms of trade related modes of financing include purchase of goods by banks from their customers and immediate resale to them at appropriate mark-up in price on deferred payment basis. The purchases and sales arising under these arrangements are not reflected in these condensed interim consolidated financial statements as such but are restricted to the amount of facility actually utilised and the appropriate portion of mark-up thereon.
- 2.2 In accordance with the directives issued by SBP, the statement of financial position and the profit and loss account of Islamic banking branches of the Holding Company are disclosed in note 40 to these condensed interim consolidated financial statements.

FOR THE NINE MONTHS ENDED SEPTEMBER 30, 2020

3 BASIS OF CONSOLIDATION

These condensed interim consolidated financial statements represent financial statements of Holding Company - Faysal Bank Limited and its Subsidiary Company. The assets and liabilities of Subsidiary Company have been consolidated on a line-by-line basis and the investment held by the holding company is eliminated against the corresponding share capital of subsidiary in these condensed interim consolidated financial statements. Material intra-group balances and transactions are eliminated.

4 STATEMENT OF COMPLIANCE

- 4.1 These condensed interim consolidated financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting. The accounting and reporting standards applicable in Pakistan for interim financial reporting comprise of:
 - International Accounting Standard (IAS) 34 'Interim financial reporting' issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017.
 - Islamic Financial Accounting Standards (IFAS) issued by the Institute of Chartered Accountants of Pakistan as are notified under the Companies Act, 2017.
 - Provisions of, and directives issued under the Banking Companies Ordinance, 1962 and the Companies Act, 2017, and
 - Directives issued by the State Bank of Pakistan (SBP) and the Securities and Exchange Commission of Pakistan (SECP).

Whenever the requirements of the Banking Companies Ordinance, 1962, the Companies Act, 2017 or the directives issued by the SBP and the SECP differ with the requirements of IAS 34 or IFAS, the requirements of the Banking Companies Ordinance, 1962, the Companies Act, 2017 and the said directives shall prevail.

- 4.2 As per the directive of the SBP through its letter BPRD (R&P-02)/625-99/2011/3744 dated March 28, 2011, gain arising on bargain purchase of Pakistan operations of Royal Bank of Scotland (ex-RBS Pakistan) was credited directly into equity as non-distributable capital reserve (NCR). The SBP allowed the Holding Company to adjust the amortisation of intangible assets against the portion of reserve which arose on account of such assets identified as a result of such acquisition. Accordingly, during the period ended September 30, 2020, the Group has adjusted amortisation of intangible assets amounting to Rs. 87.887 million (net of tax) from the NCR
- 4.3 These condensed interim consolidated financial statements do not include all the information and disclosures required in the annual audited consolidated financial statements, and are limited based on the format prescribed by the State Bank of Pakistan through BPRD Circular Letter No. 05 dated March 22, 2019 and IAS 34, and should be read in conjunction with the annual consolidated financial statements for the financial year ended December 31, 2019.
- 4.4 Standards, interpretations of and amendments to the published accounting and reporting standards that are effective in the current period:
- 4.4.1 There are certain new and amended standards, interpretations and amendments that are mandatory for the Group's accounting periods beginning on or after January 1, 2020 but are considered not to be relevant or do not have any significant effect on the Group's operations and are therefore not detailed in these condensed interim consolidated financial statements.
- 4.5 Standards, interpretations of and amendments to the published accounting and reporting standards that are not yet effective:
- 4.5.1 The following revised standards, amendments and interpretations with respect to the accounting and reporting standards would be effective from the dates mentioned below against the respective standards, amendments or interpretations:

FOR THE NINE MONTHS ENDED SEPTEMBER 30, 2020

Standards, interpretations or amendments

Effective date (annual periods beginning on or after)

IFRS 9 - 'Financial instruments'

IAS 1 - 'Presentation of financial statements' (amendments)

January 1, 2021 * January 1, 2022

IAS 16 - 'Property, plant and equipment' (amendments)

January 1, 2022

IAS 37 - 'Provision, contingent liabilities and contingent assets' (amendments) January 1, 2022

The management is in the process of assessing the impact of these standards and amendments on the condensed interim consolidated financial statements of the Group.

- The SBP vide its BPRD Circular No. 04 dated October 23, 2019 has notified the effective date of IFRS 9, 'Financial instruments' as January 1, 2021. IFRS 9, 'Financial instruments' has replaced IAS 39, 'Financial instruments; recognition and measurement'. The standard addresses recognition, classification, measurement and derecognition of financial assets and financial liabilities. The standard has also introduced a new impairment model for financial assets which requires recognition of impairment charge based on 'expected credit losses' (ECL) approach rather than 'incurred credit losses' approach. The ECL has an impact on all the assets of the Group which are exposed to credit risk.
- 4.5.2 There are certain new and amended standards, interpretations and amendments that are mandatory for the Group's accounting periods beginning on or after January 1, 2021 but are considered not to be relevant or will not have any significant effect on the Group's operations and are therefore not detailed in these condensed interim consolidated financial statements.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies applied in the preparation of these condensed interim consolidated financial statements are the same as applied in the preparation of the annual consolidated financial statements for the year ended December 31, 2019.

BASIS OF MEASUREMENT 6

These condensed interim consolidated financial statements have been prepared under the historical cost convention, except that certain fixed assets and non-banking assets acquired in satisfaction of claims are carried at revalued amounts, certain investments and derivative contracts have been marked to market and are carried at fair value. In addition, obligations in respect of staff retirement benefits are carried at present value.

FUNCTIONAL AND PRESENTATION CURRENCY

Items included in these condensed interim consolidated financial statements are measured using the currency of the primary economic environment in which the Group operates. These condensed interim consolidated financial statements are presented in Pakistani Rupees, which is the Group's functional and presentation currency.

8 CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

The basis for accounting estimates adopted in the preparation of these condensed interim consolidated financial statements is the same as that applied in the preparation of the annual consolidated financial statements of the Group for the year ended December 31, 2019.

FINANCIAL RISK MANAGEMENT

The financial risk management objectives and policies adopted by the Group are consistent with those disclosed in the annual consolidated financial statements for the year ended December 31, 2019. These risk management policies continue to remain robust and the Group is reviewing its portfolio regularly and conducts rapid portfolio reviews in line with emerging risks.

FOR THE NINE MONTHS ENDED SEPTEMBER 30, 2020

The COVID-19 pandemic has taken a toll on all economies and emerged as a contagion risk around the globe, including Pakistan. To reduce the impact on businesses and economies in general, regulators / governments across the globe have introduced a number of measures on both the fiscal and economic fronts.

The State Bank of Pakistan (the SBP) has also responded to the crisis by cutting the Policy Rate by 625 basis points since the beginning of the year to 7% till September 30, 2020. Other key regulatory measures to provide an impetus to economic activity include the following:

- reducing the capital conservation buffer by 100 basis points to 1.5 percent;
- increasing the regulatory limit on extension of credit to SMEs from Rs 125 million to Rs 180 million;
- relaxing the debt burden ratio for consumer loans from 50% to 60%;
- The timeline for classification of 'trade bills' as non-performing has been extended from 180 days overdue to 365 days overdue;
- The financing facilities of obligors which have requested for deferment or rescheduling / restructuring are not required to be classified unless the payment obligations are past due by 180 days;
- allowing banks to defer borrowers' principal loan payments by one year and or restructure / reschedule loans for borrowers who require relief of principal repayment exceeding one year and / or mark-up with no reflection on credit history; and
- Introduction of refinancing schemes for payment of wages and salaries.

COVID-19 will impact banks in Pakistan on a number of fronts including increase in credit risk pertaining to the loans and advances portfolio, reduced fee income due to overall slowdown in economic activity, continuity of business operations and managing cybersecurity threat as a significant number of the Bank's staff is working from home and an ever increasing number of customers are being encouraged to use digital channels. Major aspects of COVID 19 on the Holding Company's risk management policies are given below:

9.1 Credit risk management

The risk management function of the Holding Company is regularly conducting assessments of the credit portfolio to identify borrowers most likely to get affected due to changes in the business and economic environment. The Holding Company has further strengthened its credit review procedures in light of the COVID-19. The Holding Company is continuously reviewing its portfolio to identify accounts susceptible to higher risk resulting from the COVID-19 outbreak.

9.2 Liquidity risk management

In view of the relaxation granted by SBP for deferral of principal and mark-up and rescheduling of loans there, will be an impact on the maturity profile of the Holding Company. The asset and liability committee (ALCO) of the Holding Company is continuously monitoring the liquidity position and the Holding Company is confident that the liquidity buffer currently maintained is sufficient to cater any adverse movement in the cash flow maturity profile.

9.3 Equity risk management

The carrying value of the Group's investment in listed equity securities classified as available-for-sale amounts to Rs 7,153.478 million as at September 30, 2020. The Group has recorded an impairment of Rs 379.785 million in the condensed interim consolidated financial statements of the current period.

9.4 Operational risk management

The Group is closely monitoring the situation and has invoked required actions to ensure the safety and security of the Group's staff and uninterrupted service to customers. The senior management is continuously monitoring the situation and is taking timely decisions to resolve any concerns.

FOR THE NINE MONTHS ENDED SEPTEMBER 30, 2020

Business Continuity Plans (BCP) for respective areas are in place and tested. The Group has significantly enhanced monitoring of cybersecurity risk during these times. Remote work capabilities were enabled for staff, where required, and related risk and control measures were assessed to ensure that the Group's information assets are protected from emerging cyber threats and comply with the regulatory protocols required under the circumstances. The Group has taken all measures to ensure that service levels are maintained, customer complaints are resolved and turnaround times are monitored and the Bank continues to meet the expectations of its employees and customers.

9.5 Capital adequacy ratio

Under the current scenario, the banks are under pressure to extend further credit to its borrowers, while overall deteriorating credit risk and increased NPL may also put additional pressures on the Holding Company from Capital Adequacy Ratio (CAR) perspective. The SBP has relaxed the Capital Conversion Buffer (CCB) requirements for the banks to 1.5%, resulting in an overall CAR requirement of 11.5%. The reduced CCB has also provided an additional limit to the Holding Company for its tier 2 capital. Further the regulatory limit for retail loans has also increased by the SBP to 180 million, which will now result in reduced Risk Weighted Assets (RWA) for some of its loans. In addition to the measures by the SBP, the senior management of the Holding Company is continuously monitoring the impacts of various decisions of its CAR and taking further lending decisions based on the overall impacts on RWA. The Holding Company also believes that it has sufficient buffer in its CAR requirement to meet any adverse movements in credit, market or operational risks.

FOR THE NINE MONTHS ENDED SEPTEMBER 30, 2020

- 14.3.1 As allowed by the SBP, the Holding Company has availed benefit of forced sale value (FSV) of collaterals held as security of Rs 2,722.883 million (December 31, 2019: Rs 1,996.336 million) relating to advances while determining the provisioning requirement against non-performing financing as at September 30, 2020. The additional profit arising from availing the FSV benefit net of tax as at September 30, 2020 which is not available for distribution as either cash or stock dividend to shareholders and bonus to employees approximately amounted to Rs 1,660.959 million (December 31, 2019: Rs 1,217.765 million).
- 14.3.2 As per the Prudential Regulations, the SBP has specified that general provision against consumer financing should be maintained at varying percentages based on the non-performing loan ratio present in the portfolio. These percentages range from 1% to 2.5% for secured and 4% to 7% for unsecured portfolio.

The Holding Company also maintains general provision in accordance with the applicable requirements of the Prudential Regulations for Housing Finance issued by the SBP. The provision ranges between 0.5% to 1.5% based on the non-performing loan ratio present in the portfolio.

The Holding Company is also required to maintain a general reserve of 1% against un-secured small enterprise financing portfolio as per the applicable requirements of the Prudential Regulations issued by the SBP.

14.3.3 Although the Holding Company has made provision against its non-performing portfolio as per the category of classification of the loans, however, the Holding Company still holds enforceable collateral against certain non-performing loans in the event of recovery through litigation. These securities comprise of charge against various tangible assets of the borrower including land, building and machinery, stock in trade, etc.

(i) The Executive Officer, Karachi Cantonment Board (KCB), vide its notice CBR No. 1 dated March 08, 2017 had proposed revised rates for assessment of shops and flats "A" category in which a fresh sub-category "Banks (self-occupied)" was introduced for the purpose of cantonment tax in the limit of KCB. This resulted in an additional demand of Rs 171 million by KCB which included a demand on reassessment for the years 2016-2017 and 2017-2018. On the basis of legal grounds agreed in consultation with legal counsel, the Bank had filed a suit in the Honorable High Court of Sindh against such levy of tax. A stay order was granted by the Honorable High Court of Sindh in respect of payment of this additional demand and no such payment in this respect had been made till December 31, 2019.

In February 2020, KCB communicated to the Bank that the board resolution passed by the KCB in 2017 regarding the special category of 'Bank (self-occupied)' has been annulled and the properties of banks shall be treated like any other commercial property. Following this communication, the KCB submitted the revised demand and the Bank has paid Rs 59.104 million being the house and conservancy tax for the periods 2016-2017 to 2019-2020 on March 16, 2020 as a full and final settlement of the levy under consideration. Accordingly, the suit filed by the Bank in the Honorable High Court of Sindh will be withdrawn in due course.

(ii) Income tax assessments of the Holding Company have been finalised upto the tax year 2019 (accounting vear 2018).

The department and the Holding Company have disagreements on a matter relating to taxability of gain on bargain purchase on the acquisition of ex-RBS Pakistan. The additional tax liability on the matter amounts to Rs. 1,154.701 million (December 31, 2019: Rs. 1,154.701 million). The Commissioner Inland Revenue (Appeals) [(CIR(A)] has deleted the said additional tax liability, however the income tax department has filed an appeal with the Appellate Tribunal Inland Revenue against the order of CIR(A). The management and the tax advisors of the Holding Company are confident that the matter will be decided in the Holding Company's favor and accordingly, no provision has been recorded in these condensed interim consolidated financial statements in respect of this matter.

FOR THE NINE MONTHS ENDED SEPTEMBER 30, 2020

(ii) There are certain claims against the Holding Company not acknowledged as debt amounting to Rs 33,390 million (December 31, 2019: Rs 34,194 million). These mainly represent counter claims filed by the borrowers for restricting the Holding Company from disposal of assets (such as mortgaged / pledged assets kept as security), cases where the Holding Company was proforma defendant for defending its interest in the underlying collateral kept by it at the time of financing, certain cases filed by ex-employees of the Holding Company for damages sustained by them consequent to the termination from the Holding Company's employment and cases for damages towards opportunity losses suffered by customers due to non-disbursements of running finance facility as per the agreed terms. The above also includes an amount of Rs 25,299 million (December 31, 2019: 25,299 million) in respect of a suit filed against the Holding Company for declaration, recovery of monies, release of securities, rendition of account and damages.

Based on legal advice and / or internal assessments, management is confident that the above matters will be decided in the Holding Company's favour and the possibility of any outcome against the Holding Company is remote and accordingly no provision has been made in these condensed interim consolidated financial statements.

24.3.2 Subsidiary Company:

- (i) The income tax returns of the Subsidiary Company for the tax years 2004 to 2019 (financial year ended June 30, 2004 to 2019) have been filed and are deemed to have been assessed under the Income Tax Ordinance, 2001, unless selected by the taxation authorities for audit purposes. The Tax year 2005 (financial year ended June 30, 2005) has been selected by the taxation authorities for audit purpose. The tax authorities have passed an order under section 221 of the Income Tax Ordinance, 2001, whereby they have determined an additional liability of Rs 0.913 million for the tax year 2005 on account of apportionment of expenses and disallowance of certain expenses. The Subsidiary Company has paid Rs 0.414 million and has filed an appeal against the order before the Commissioner Appeals, the proceedings of which are underway. The remaining tax liability on these matters is Rs 0.498 million. The management of the Subsidiary Company is confident that the decision in respect of these matters will be decided in the Subsidiary Company's favour and accordingly no provision for the above has been made in these condensed interim consolidated financial statements in respect of this liability.
- (iii) The income tax department has issued orders and show cause notices under section 221 of the Income Tax Ordinance, 2001 for recovery of Workers Welfare Fund (WWF) aggregating to Rs 0.818 million in respect of tax years 2008 and 2013. The details of orders and show cause along with the management actions are listed below:

Tax years	Order / show	Status	WWF Demand
Tax years	cause references	Status	Rupees '000
2008	Order u/s 221 dated June 30,	Appeal pending before the	
2006	2014	Commissioner Appeals	315
2013	Show cause u/s 221 dated May 7,	Showcause notice has been	
2013	2014	responded to	503
			818

The management is of the view that WWF was not applicable for tax year 2008. In tax year 2013, subsequent to clarification decision by the SHC, the management has not admitted WWF charge in the annual return of income. The management of the Subsidiary Company is confident that the decision in respect of these matters will be decided in the Subsidiary Company's favour and accordingly no provision for the above has been made in these condensed interim consolidated financial statements in respect of this liability.

(iii) The Punjab Revenue Authority issued show cause notice No.PRA/AM/61/2205/ dated March 12, 2014 to Faysal Asset Management Limited requiring the Subsidiary Company to obtain registration / enrolment and to pay sales tax amounting to Rs 6.055 million from July 2013 to March 2014 under the Punjab Sales Tax on Services Act, 2012 with effect from May 22, 2013 on management fee earned in Punjab.

In respect of this, the Subsidiary Company, jointly with other Asset Management Companies together with their respective collective investment schemes through their trustees, has filed a petition on July 8, 2014 in the SHC challenging the above notice. The Court has ordered suspension of the show cause notice till the next hearing of appeal in their order dated July 10, 2014. The next date of hearing has not yet been decided. The management of the Subsidiary Company is confident that the decision in respect of these matters will be decided in the Subsidiary Company's favour and accordingly no provision for the above has been made in these condensed interim consolidated financial statements in respect of this liability.

FOR THE NINE MONTHS ENDED SEPTEMBER 30, 2020

(iv) During the period from July 1, 2019 to December 31, 2019, the audit of the tax year 2013 (financial year ended June 30, 2013) has been completed by the taxation authorities. The tax authorities have passed an order under section 122(5A) of the Income Tax Ordinance, 2001, whereby they have determined an additional liability of Rs 4.964 million for the tax year 2013 on account of apportionment of expenses, salary expenses and hardware and software expense. The management filed an appeal before the Commissioner Inland Revenue (Appeals) [CIR(A)] on the grounds of disallowances made by the Additional Commissioner Inland Revenue. The CIR(A) remanded back a few expenses while ordered against various other expenses for which the Subsidiary Company has decided to appeal before the Appellate Tribunal Inland Revenue (ATIR). The management of the Subsidiary Company is confident that the decision in respect of these matters will be decided in the Subsidiary Company's favour and accordingly no provision for the above has been made in these condensed interim consolidated financial statements in respect of this liability.

24 4 Commitments to extend credits

The Holding Company makes commitments to extend credit (including to related parties) in the normal course of its business but these being revocable commitments do not attract any significant penalty or expense if the facility is unilaterally withdrawn except for Rs 27,970 million (December 31, 2019: Rs 20,281 million) which are irrevocable in nature.

36 FAIR VALUE MEASUREMENTS

The fair value of quoted securities other than those classified as held to maturity, is based on quoted market price. Quoted securities classified as held to maturity are carried at cost. The fair value of unquoted equity securities, other than investments in associates and subsidiaries, is determined on the basis of the break-up value of these investments as per their latest available audited financial statements.

The fair value of unquoted debt securities, fixed term loans, other assets, other liabilities, fixed term deposits and borrowings cannot be calculated with sufficient reliability due to the absence of a current and active market for these assets and liabilities and reliable data regarding market rates for similar instruments.

Fair value of financial assets

The Group measures fair values using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

- Level 1: Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: Fair value measurements using inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- **Level 3:** Fair value measurements using input for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

The table below analyses financial instruments measured at the end of the reporting period by the level in the fair value hierarchy into which the fair value measurement is categorised:

The Group's policy is to recognise transfers into and out of the different fair value hierarchy levels at the date when the event or change in circumstances require the Group to exercise such transfers.

There were no transfers between levels 1 and 2 during the period.

FOR THE NINE MONTHS ENDED SEPTEMBER 30, 2020

Valuation techniques used in determination of fair values within level 2

Item	Valuation approach and input used
Pakistan Investment Bonds / Market	Fair values of Pakistan Investment Bonds and Treasury Bills are derived using the PKRV /
Treasury Bills	PKFRV rates.
ljarah Sukuk	Fair values of GoP Ijarah Sukuk are derived using the PKISRV rates announced by the Financial Market Association (FMA) through Reuters. These rates denote an average of
	quotes received from different pre-defined / approved dealers / brokers.
Unlisted ordinary shares	Break-up value determined on the basis of the NAV of a company using the latest available audited financial statements.
Term Finance Certificates (TFCs) and Sukuk Certificates	Fair values of TFCs and Sukuk certificates are determined using MUFAP rates.
Forward foreign exchange contracts	The valuation has been determined by interpolating the mark-to-market currency rates announced by the State Bank of Pakistan.
Derivative instruments	The Holding Company enters into derivative contracts with various counterparties. Derivatives that are valued using valuation techniques with market observable inputs are mainly interest rate swaps, cross currency swaps and forward foreign exchange contracts. The most frequently applied valuation techniques include forward pricing and swap models, using present value calculations.
Mutual funds	Units of mutual funds are valued using the net asset value (NAV) announce by the Mutual Funds Association of Pakistan (MUFAP).

Valuation techniques used in determination of fair values within level 3

Item	Valuation approach and input used
Fixed assets (land and building)	Land and buildings are revalued by professionally qualified valuers as per the accounting policy disclosed in the consollidated financial statements for the year ended December 31 2019.
Non-banking assets acquired in satisfaction of claims	NBAs are valued by professionally qualified valuers as per the accounting policy disclosed in the consolidated financial statements for the year ended December 31 2019.

The valuations, mentioned above, are conducted by the valuation experts appointed by the Group which are also on the panel of the Pakistan Banks' Association (PBA). The valuation experts used a market based approach to arrive at the fair value of the Group's properties. The market approach uses prices and other relevant information generated by market transactions involving identical or comparable or similar properties. These values are adjusted to reflect the current condition of the properties. The effect of changes in the unobservable inputs used in the valuations cannot be determined with certainty, accordingly a quantitative disclosure of sensitivity has not been presented in these condensed interim consolidated financial statements.
