The Bank as the Mudarib may invest or disinvest the funds received from the Customers (through the General or Special Mudaraba Pool) in any Shariah compliant asset.

Rate of Profit on deposit is determined through a Shariah approved mechanism for calculation of weightages which is announced 3 working days prior to the start of new Mudaraba period and applicable to the following calendar month. The deposit account holders are entitled to share in the profit earned by the Islamic Banking Branches. Losses are shared in the proportion of investment by each depositor.

The Bank will declare the final rate of profit applicable to BIC by the 8th business day of each calendar month. This rate will be used for profit calculation of the preceding calendar month.
